

CONTAINS IMIDACLOPRID, THE ACTIVE INGREDIENT USED IN ADMIRE® 4 F

INSECTICIDE

ROBUST & EXTENDED CONTROL

Madari™ 4 F provides residual protection against the infestation of key insects. Apply as a soil application for early protection to developing plants. As a neonicotinoid, Madari 4 F is effective for use on a variety of crops such as bulb vegetables, cucurbits, grapes, potatoes, oranges, etc.

KEY FEATURES

- Insect control for use on various crops
- Excellent control of key insects
- Long-lasting residual control
